

**21/51 Toll signaling pathway**

**29/94 activation of immune response**

**74/392 positive regulation of molecular function**

**58/287 positive regulation of protein modification process**

**76/392 regulation of protein modification process**

**59/265 regulation of transferase**

**84/401 regulation of phosphorus metabolic process**

**66/301 regulation of intracellular signal transduction**

**24/66 regulation of I-kappaB kinase/NF-kappaB signaling**

**$p < 2e-07$**

$p < 2e-07$

$p < 2e-07$
