```
60/71 hydrolase, acting on glycosyl bonds
327/383 hydrolase, acting on ester bonds
                                                      p < 0.001
                                                      p < 0.05
314/389 purine ribonucleoside triphosphate binding
                                                      p < 0.1
369/452 ribonucleotide binding
116/147 GTPase
120/148 kinase binding
384/478 enzyme binding
66/79 amino acid transmembrane transporter
98/116 carboxylic acid transmembrane transporter
```

66/79 exopeptidase
